

Monday, 25 June 2007

I needed some recycled Rimu flooring to match our existing flooring.

Shane (Beechmark) was fantastic. Shane got me just what we needed -- the quality was spot on. He also made sure it was delivered on time as we had a builder booked to lay it.

It looks great and matches up well with our existing flooring.

Shane was very easy to deal with, very helpful, reliable and professional.

I am very happy to recommend Shane and Beechmark and will use them again next time. An excellent service!
